## The Chosen One

At Absolute Vacuum Corp., we have a dynamic team who has pledged to create an honest company with a foundation based on integrity. Our mission is to provide our customers with high quality, reliable, and cost-effective solutions for vacuum pump service. In addition to our high quality and low cost, we also have the flexibility to meet the specific needs of each customer. We pride ourselves on providing personalized service for each of our clients..

## History

Absolute Vacuum LLC was established in 1999. After 11 years of repairing vacuum pumps for the Department of Defense, owner and president of AVC Alfredo Jimenez was approached by research laboratories, local businesses as well as universities who were seeking repairs to their own vacuum pumps. Opportunity presented itself and Mr. Jimenez established Absolute Vacuum Corp.

## Why Customers Choose AVC

We have been trusting AVC with our pumps for several years. Where others have failed, they have been able to bring damaged pumps back to life at a significant cost savings for us. AVC has always been friendly, knowledgeable, and easy to work with. If you want a pump fixed correctly and efficiently go with Absolute Vacuum Corp.

*Jacob Lawson, UDRI*

We were very satisfied with your service to our pumps. The repair was timely done and the workmanship was excellent. You explained the problems to us quite well and you kept us informed of the status. Thank you!

*Charles Jiao, UES*

AVC has been servicing vacuum equipment for us for nearly ten years. They bring a very professional attitude and are very personable, which makes my job a whole lot easier. Whether it is routine maintenance or repair of critical equipment, AVC always works with us to prevent or minimize our downtime. I actively recommend their services to anyone I can, without reservation.
