

# Declaration of Contamination of Vacuum Units and Components

Repairs and/or maintenance will be carried out on vacuum units and components only if a fully completed, correct declaration of contamination is provided. If this is not the case, the corresponding repairs will be delayed or omitted. A separate declaration must be submitted to [raponte@avcdayton.com](mailto:raponte@avcdayton.com) for each device and each component.

This declaration can only be completed and signed by authorized and qualified staff.

<b>Component Description</b> Equipment Model Part No. Serial No. Invoice No.	<b>Reason for Return</b>
<b>Equipment Condition</b> Has the equipment been used?  Type of Pump Oil Used  If "other," please describe:	<b>Process Related Contamination of Equipment</b> Toxic Corrosive Microbiological Hazard* Explosive* Radioactive* Other Harmful Substances  *We will not accept delivery of any equipment that has been radioactively or microbiologically contaminated without written evidence of decontamination.

Please list all substances, gasses and by-products that may have come into contact with the equipment:

Trade Name, Product Name or Manufacturer	Chemical Name or Symbol	Danger Class	Precaution Associated with Substance	Action if Spillage or Human Contact
